NOTICE OF WATER TURN-OFF

TO THE RESIDENTS OF: 4800 & 4900 Blocks of Halliwell

The City of Terrace Public Works Department will be working in your area to repair a water line on:

Saturday, March 6, 2021

To enable the crew to perform this work, it will be necessary to shut the water "OFF" in your area between the hours of:

8:30am to 10:30 am

The water service will resume as soon as the necessary work is completed.

*It is requested that you make the necessary adjustments to your daily schedules to accommodate this water turn-off. It is recommended that, as a protective measure, you turn off the breaker switch to your **electric** hot water heater during this period of time.*

Once repairs are made and the water is turned on, it may appear cloudy for a short while from the air and/or sediment. The water is safe and should clear if you run your tap for a while.

If men and equipment are working in your immediate area, please follow the flag person's directions and do not park close to the work area.

We regret any inconvenience this may cause you, and thank you for your co-operation. Should you have any questions or concerns, please contact the Public Works Department by telephoning 615-4033.

Yours truly,

A handwritten signature in black ink, appearing to read "Henry Craveiro".

Henry Craveiro,
Roads Foreman
