

NEWS RELEASE – TERRACE & DISTRICT AQUATIC CENTRE CLOSURE

The Terrace and District Aquatic Centre will be closed starting September 2, 2019 to complete the remaining work from the facility renewal project. The closure is expected to last for one month. During this time, the tile and painting deficiencies noted from the recent renewal project will be addressed. The City will make every effort to minimize the closure time to keep the disruption experienced by our patrons to a minimum. Pass holders will be credited for the time of the closure.

In preparation for the re-opening of the facility, the City will be hiring lifeguards. Employment opportunities are posted on the City's website, at www.terrace.ca/city-hall/employment-opportunities
